IES Raleigh Section - Illumination Awards: Registration Application

The local IES Raleigh Section would like to invite you to participate in the local Illumination Awards (IA). This is a great way for the local community to see what our lighting designers, architects and engineers have been working on this past year and a great way to showcase the project you're considering submitting to IES IA next February.

IES Members Fee: \$35.00 IES Non-members Fee: \$65.00 Project Submission Due Date: Nov. 26th

Eligibility and Entry Rules

Eligibility and Entry Rules

1. Anyone (except manufacturers); IES members or nonmembers (with the exclusion of IES staff and IES Board of Directors), may enter a project for an Illumination Award. Agents may also submit.
2. Registration fees are non-refundable.
 - o **Regular Submission: November 26th 11:59PM EST (Fee: \$35 for members & \$65 for non-members)**
3. The installation must have been completed during the 24 months preceding the January program date listed.
4. Projects may be entered only once using C:\Users\Shaw\Dropbox\Illumination Awards 2021\Projects. **Please contact Turquoise Shaw at turquoiseshaw@outlook.com or (704) 641 2760 for access to the DROPBOX by November 26th 2021**
5. Different areas of the same project may be submitted as separate lighting or controls project entries. Each of these entries must have its own distinguishable title and additional entry fee. Each of these entries will be judged separately.
6. IES must inform the owner and all others involved or associated in the project design, of participation in the program and that the entry may be published in *LD+A*. The owner's name and location may be withheld for privacy reasons.

Prepare your submittal(s). **PDFs are encouraged but not required** and each project entry must include:

- **Project Summary**

Up to a three hundred (300) word maximum narrative is allowed to present a project. **PLEASE NOTE:** The names of the designers, the name of the design firm, equipment manufacturers or specific brands is not allowed anywhere in the narrative. Any reference or endorsement of a commercial product is not allowed. Submittals with this information will be dismissed. However, proper names of places (i.e., Waldorf Astoria, Verizon, Target) in each photograph narrative is admissible.

TIP—it's beneficial to address criteria from the specified category award score sheet. For example, address Energy and Budget if this was a significant challenge or accomplishment. Commenting on these and other factors can help you present a compelling project

- **Images**

Up to 10 high-resolution images (photos, sketches or renderings) per entry will be accepted. Multiple images per slide are allowed, but each image will count towards the maximum allotment of 10. Digital renderings that are identified as such are acceptable—if they are accompanied by a photograph of the actual installation, to demonstrate the actual design and installed results. Each rendering and accompanying photographs will be counted individually. Images must be in JPEG format and at least 1024px wide and 768px high.

PLEASE NOTE: Fill light is prohibited. Images modified or digitally enhanced are prohibited.

TIP—Don't include 10 images if they don't help tell a compelling project story; sometimes less is more.

TIP—Photos taken during daylight hours may not adequately present the lighting design.

- **Image Narratives**

Each image can be described in a 25-word narrative that explains that particular image. This narrative is in addition to the introductory summary for each project.

TIP—Use this to tell the judges what they are seeing. An image without a narrative is difficult to judge.

- **OPTIONAL: Video Submission**

Video submission must NOT contain any narrative (written, spoken or music). Total video length allowed is a maximum of one (1) minute. Video must be a mov, m4v or mp4 format. Still images as a slide show are not accepted as a video and will be disqualified. You may describe the video in up to 25 words in the video narrative.

TIP—Watch for flicker in your video, which could jeopardize your chance of receiving an award. A video of simple color-changing lighting can appear pretty amateur if it appears more like 'chase' lights.

Additional IES Raleigh Section: Eligibility and Entry Rules

1. NC business or residential address (no PO Box) or membership in NC IES Section
2. Raleigh IA Chair Turquoise Shaw will aggregate entries and distribute to local judges anonymously. IES IA portal is not used for this program though entrants are encouraged to prepare for Society awards program concurrently.
3. Entrant must inform owner and others involved of intent to submit to this program. The owner's name and location may be withheld if desired and as noted. IES Raleigh may publish in IES Raleigh newsletter and website (*need figure out how to protect images before publishing to website*)
